DVD Quizzes (1 & 2)

- ✓ One mark per Moment
- ✓ For scenes where there is no Moment – give one point for a blank answer
- ✓ If only gloves are wrong give full marks
- ✓ For a Moment to be marked as correct & full marks given, the HCW, Moment & Action must be recorded correctly
 - if HCW not recorded or recorded incorrectly – no marks
 - if Moment not recorded or recorded incorrectly – no marks
 - if Action not recorded- no marks
 - if Action recorded incorrectly e.g. rub instead of wash & all other details correct – give half mark only
- ✓ If an extra Moment is recorded – take a full mark off
- ✓ If two HCWs in scene – Moments can be in any order and still give full marks
- ✓ If two or more Moments in one scene, Moments should ideally be in order to receive full marks (arrows or numbering if out of order is acceptable)
 - However, Mark Moments correct even if they are out of sequence and simply take marks off as above for incorrect moments for that question (if the data were entered into HHCAApp it would still be correct even if out of sequence)
- ✓ HCW entered in unused boxes is acceptable
- ✓ Answers must be legible & moments clearly identifiable (as per data entry requirements)
